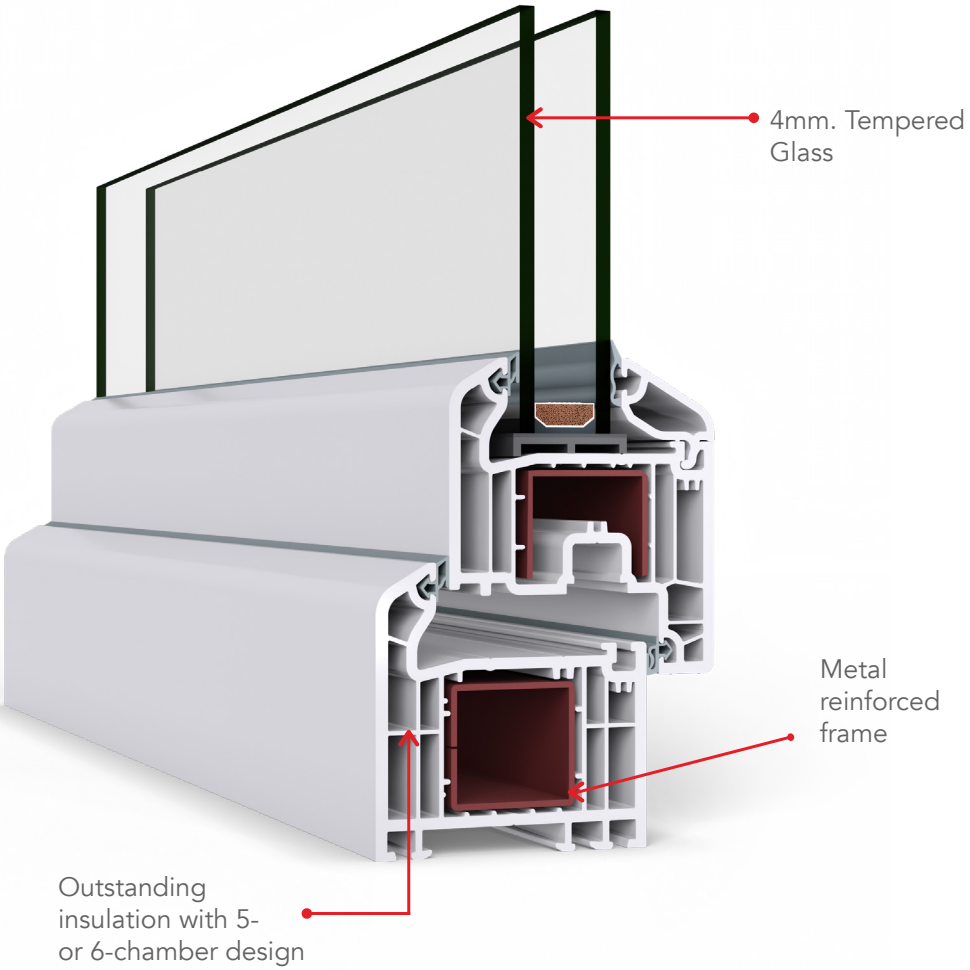
7000 EGT
Egress Turn Window

The 7000 Egress window has a 2 3/4" (70mm) frame depth.
The 7000 EGT window opens fully inwards by turning the multi-point locking handle providing a clear unobstructed opening.



Safe / Secure /Sound

Safe

The design of the 7000 EGT window provides a larger unobstructed view required for an emergency exit or escape route. These windows are often found in basement bedrooms. Building codes can differ from one region to another please refer to our clear opening sizes to determine what meets the building code in your area.

Window Frame Size		Clear Opening Size		Clear Opening
Width	Height	Width	Height	ft2
36″	24″	30.47″	18.5″	3.91
38″	24″	32.48″	18.5″	4.17
40″	22″	34.49″	16.5″	3.95

Secure

The 7000 EGT window is equiped with 4mm tempered glass, metal reinforced frame /sash, heavy duty hinge and a durable multipoint locking system.

Sound

Sound is reduced by the multiple chambers, perimeter gaskets and extra strength tempered 4mm glass making the 7000 EGT window a superior choice for sound reduction.

TECHNICAL PROPERTIES
